*Whenever the light of natural law fades away
and there is an ascendancy of darkness,
during those periods I create Myself.
For the protection of the virtuous,
to destroy evil and to reestablish dharma,
I come again and again.*

SRIMAD BHAGAVAD GITA

The purpose of this transliteration is to help people become familiar with the pronunciation and chanting style of the Satyachetana Movement. For the sake of simplifying the pronunciation, Sanskrit grammar rules were temporarily left aside—not out of disrespect, but rather to enable a wider group to participate in chanting this sacred scripture. For learners, this e-book is ideally used in conjunction with the *Learning Bhagavad Gita Chanting* CD available from Satyachetana Publications.
